WORK EXPERIENCE

Moin Coaching Classes

Tutor | April 2021 – May 2024

Job responsibilities:

- Created and adapted lesson plans emphasizing analytical skills, fostering a problem-solving mindset essential for technical fields like web development.
- Provided personalized academic support, which honed my communication and mentoring skills, crucial for collaborative development teams.

Babu Shoe Center

Shop Keeper, Manager | January 2018–present

Job responsibilities:

- Handled financial records and performed sales analysis, reflecting strong analytical and database management skills relevant to software development.
- Managed a team and maintained open communication, evidencing my leadership and collaboration abilities, which are critical in development projects.

PROJECTS

1. E-Commerce Platform Development with MERN Stack | 🌐 | 🐙

React | Git | Node.js | Express.js | MongoDB | RESTful APIs | HTML5 | CSS3 | Responsive Web Design | JavaScript | Redux

- Developed the frontend using React, focusing on responsive and dynamic user interface design.
- Implemented secure backend functionality, including API development and database management.
- Integrated user authentication, shopping cart, and payment features to create a seamless e-commerce experience.

2. Nykaa Clone | 🌐 | 🐙

JavaScript | Responsive Web Design | HTML5 | CSS3 | Git

- Developed the 'Add to Cart' functionality, enhancing user interactivity with the e-commerce platform.
- Created dynamic Products page, displaying product listings with images, prices, and interactive elements.
- Implemented Cart page, allowing users to manage selected items, quantities, and view total costs in real-time.
- Ensured seamless integration between cart and product pages for a consistent user experience.
- Applied responsive design principles to ensure optimal performance and display across various devices.
